Travel with THE MET 2012

JOIN MET CURATORS AND RENOWNED LECTURERS ON CULTURAL JOURNEYS AROUND THE GLOBE.

Visit new destinations on superbly crafted programs distinguished by private access and special events. Many trips are planned in conjunction with the Met's exhibitions and lecture series, extending the learning experience beyond the walls of the Museum.

Highlights of 2012 include visits to centers of art and spectacular landscapes in many distant lands: Australia with its Aboriginal art; the Silk Road on a rail journey aboard *Golden Eagle*; and the Mughal and Sikh monuments of northern India, from the Taj Mahal to the Golden Temple of Amritsar.

Cuba is open once again to licensed cultural groups, and the Met is delighted to return there in a series of departures beginning in late 2011. Meetings with prominent artists and scholars in Havana, as well as less-visited towns, will enrich these exciting programs.

Travel to the small, treasure-filled cities of Spain and Italy, visit Baltic capitals aboard *Clipper Odyssey*, and sail the

Adriatic coast aboard the Met's flagship, *Sea Cloud II*. The British Isles will be explored on a cruise from Edinburgh to Dublin, and the waterways of Holland and charming villages of Burgundy and Provence will all be within reach aboard deluxe riverboats.

We invite you to **Travel with the Met**, the premier museum travel program in the U.S.
